ADJUTANT

Greetings Fellow Legionnaires. Just to go over some of the same problems that come up every year. I've been having problems with members not getting their cards or double paying. First if you know you paid your dues and haven't gotten your card leave a note at the Post and I'll look into it. Second, if you get a second or third reminder to pay your dues from National check to see what year card you have. Sometimes it can take over a month to get paperwork to National from Department and the notices are sent out automatically. **You may get two or three reminders depending on the time frame. Please, don't make a copy of your up to date card and waste a stamp sending it to the Post.** Another problem is address changes. Make sure I get your new address if you move. As Adjutant for the SAL Squadron I'm also having the same problems. Some SAL events coming up: The Chili Cook Off is February 22nd. Set up is 1:00 PM with judging at 2:00 PM. The Post is having a Taco Bar night the same day at 6:00 PM. April 24th we are having another meat raffle.

The SAL State Convention will be in our area June 5-7. The 16th District and 18th District are hosting it jointly. It will be at the Southgate Holiday Inn on Northline Rd. and there will be a picnic at the Southgate American Legion on Dix- Toledo. There will be more info to come. A special thanks to all that participated in the SmileTrain Spaghetti dinner. The Squadron was able to donate \$2500, enough to cover 10 cleft lip surgeries.

We keep getting questions on the Post web site. All I can say is we are trying to get it smoothed out.

If you are an active duty member make sure you verify you are still in the service so we can keep covering you dues. It is up too you to verify every year that you are still on active duty. Well I think that's it for now. As always, be safe and remember our troops and their families.

Mike Globke
