## **ADJUTANT**

Greetings Fellow Legionnaires. (REPEAT):Just to go over some of the same problems that come up every year. I've been having problems with members not getting their cards or double paying. First if you know you paid your dues and haven't gotten your card leave a note at the Post and I'll look into it. Second, if you get a second or third reminder to pay your dues from National check to see what year card you have. Sometimes it can take over a month to get paperwork to National from Department and the notices are sent out automatically. **You may get two or three reminders depending on the time frame. Please, don't make a copy of your up to date card and waste a stamp sending it to the Post.** Another problem is address changes. Make sure I get your new address if you move.

I've been working on getting this on the [post396.org](http://post396.org) web page so maybe it will be easier for folks to see it.

That's all for now. Be safe.

Mike Globke
