## Otto Miller Jr. American legion Post 396

Commander: Robert Shaw

Garden City Memorial  
Home Association.  
President: Bill Kaledas

Comrades,

I hope This announcement Finds you all well. The executive board has been in weekly discussions during this time and have been working towards re-opening. After some investigation into our sales receipts My team has found us in compliance, and ready to open our indoor service. We will re-open the post for indoor / outdoor service on August 3<sup>rd</sup>. Since our last closing there has been a few more executive orders that will affect our re-opening rules.

All members and their guest will be required to wear a mask when entering, exiting, and any time they are not seated. I know this is a sore subject with many of you, I hope you understand that my first duty as commander of this post is to the members safety and the posts continued operations. I know you will do your part and follow these rules that have been imposed on all of us. Please take the time to review the rules that we must open under and realize that these are necessary and temporary. I will continue to work to get things back to normal, until then please stay safe, and try to be patient with the post officers and your fellow legionnaires, SAL, and Auxiliary members.

Please review the new rules on the next page

Yours in service  
Robert Shaw  
Commander Post 396 Garden City MI.
